"Over 70% of dirt, dust and grime in a building is tracked in from the outside – on your feet."

No other mat stops water and dirt from entering your building so effectively. No other mat lasts as long. No other entrance mat comes close to outselling WaterHog mats in the US.

- Rubber gripper backing. Minimum slipping.
- Longest service life. No cracking & curling (compared to vinyl backed mats).
- Crush-proof pile with rubber & polypropylene bi-level construction.
- Water dam around perimeter stops water from seeping out.
